

- Practice Social Distancing: keep at least 6 feet between yourself and others at all times
- Wear a cloth mask at all times
- Wash or sanitize your hands regularly
- Avoid touching your eyes, nose or mouth
- Do not attend funeral services if you are sick, have tested positive for COVID-19 or have been told to isolate or quarantine

Do the following to limit the risk of spreading COVID-19 if food is being served before or after the funeral service:

Only one or two people should prepare food (avoid multiple families bringing food)

Disinfect all food preparation areas thoroughly

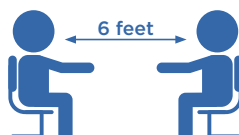

Preparers should wash hands thoroughly and wear a mask while preparing food

Eat meals outside, with one or two people serving food

Use disposable utensils and dishes (avoid sharing)

Provide seating that allows for social distancing, and follow distancing guidelines while waiting for food

Provide multiple hand sanitizing stations

Avoid handshaking, hugging, or touching of others
